

Rynak 470 Ream Cutters

The Rynak 470 ream cutter, very easy to operate and can cut reams of paper in one go. Paper clamp, the 470 has a wind down clamp to secure the paper eliminating movement and inaccurate cutting. Safety is paramount with a full cover across the blade, and without the cover being in place the guillotine will not operate. Built to last all metal construction ensuring many years of reliable operation.
